

## Join CanSIA's Members-only Networks

---

Canada's solar industry is changing quickly and strong member engagement is important to CanSIA's ability to effectively represent and advocate on behalf of our members.

CanSIA has recently introduced three Networks which will serve as an important avenue for all Corporate and Supporter members to participate meaningfully in CanSIA's activities and stay informed. Additionally member Forums, branching out of the Networks, will be created when strong member collaboration is required to address immediate industry challenges and opportunities.

Professionals employed by a Corporate or Supporter Member are eligible to participate in one or more of the following three CanSIA Networks:

1. Policy & Market Development Network
2. Utility & Regulatory Affairs Network
3. Communications Network

[Sign up for Networks online](#) and forward this message to others within your organization who may also want to join a Network.

Learn more about how these Networks will work at <http://www.cansia.ca/networks>

*Questions about CanSIA's new Networks and Forums can be directed to:*

Lisa Hatina

Business Development and Member Relations Manager
